

COBENFY 
(xanomeline and trospium chloride) capsules
50mg/20mg, 100mg/20mg, 125mg/30mg

HELP PATIENTS ACCESS NOW-APPROVED COBENFY WITH **covermymeds**®

Facilitate the Prior Authorization process for COBENFY with CoverMyMeds

CoverMyMeds provides an electronic Prior Authorization (ePA) process, connecting your office with payers and supporting prior authorization requests. With CoverMyMeds, your office can electronically:

- Submit prior authorization requests and receive support for formulary exceptions and appeals

Key benefits:

- No need for additional technology—integrates with your existing EHR system
- Manage multiple patient access activities all in one location
- Auto-populated non-clinical patient demographic information for quicker and more accurate submissions

[LEARN MORE AND REGISTER TODAY](#)

The accurate completion of reimbursement or coverage related documentation is the responsibility of the healthcare provider and patient. Bristol Myers Squibb and its agents make no guarantee regarding reimbursement for any service or item.

COBENFY™

(xanomeline and trospium chloride) capsules

50mg/20mg, 100mg/20mg, 125mg/30mg

How to submit an ePA for COBENFY with CoverMyMeds

Visit CoverMyMeds.com and click “Create an Account” to register. Once registered, you can log in to CoverMyMeds and begin the ePA process

If your **office** initiates the ePA:

If a **pharmacy** initiates the ePA:

- 1 Click on “**New Request**” on your CoverMyMeds online dashboard
- 2 Type in “**COBENFY**” to search and select the appropriate dose for your patient
- 3 Click “**Initiate a PA**” and begin the prior authorization submission process
- 4 Click “**Send to Plan**”

Your office will receive a fax from the pharmacy with a unique key to access the PA via CoverMyMeds:

- 1 Click “**Enter Key**” on the CoverMyMeds dashboard
- 2 Enter the **unique key** provided by the pharmacy and the **patient’s last name** and **date of birth** indicated on the fax
- 3 **Verify** the accuracy of the information populated on the form
- 4 Click “**Send to Plan**”
